

# 16<sup>TH</sup> – 22<sup>ND</sup> NOV GEOWEEK

## Explore! The power of Maps

Maps have their own gravitational field. Put one in a room, stand back and watch. The theme for this year's international Geoweeek is "The Power of Maps". So come join the DU Geographical Society and TCD Geography for the annual celebration of all things geographic. Ireland's Geoweeek has a particular focus on how maps are linked with memory making, and TCD's Geoweeek follows this theme with various events designed to illustrate how maps and map making influences our memories; both past and present.

## Events

**Tuesday 17<sup>th</sup>**

**"Geolympics"**

Geography themed games  
night

**Wednesday 18<sup>th</sup>**
